SKILLS

- Core Java
- HTML,CSS,JAVASCRIPT
- Software Development
- SQL
- Power BI Desktop
- python
- Machine Learning

LANGUAGE

- 1)English
- 2)Hindi
- 3)Marathi

INTEREST

- 1)Guitar
- 2)Bodybuilding
- 3)Taekwondo

EDUCATION

- BE Computer Engineering (2023) - 8.1 CGPA**
Mumbai University
- HSC (2019) - 73.54**
Dnyandeep Vidyamandir, khed
- SSC (2017) - 97.20**
Dnyandeep Vidyamandir,khed

PERSONAL PROJECTS

- 1) Java Fitness Instructor**
(06/2023 - 07/2023)
- In this project, I built an application with the help of the OOPS concept that can instruct clients to make their fitness routine according to their body type.

- 2) Heart Disease Prediction**
(08/2022 - 03/2023)
- In this project, I built an application that can predict whether a patient has heart disease or not using machine learning algorithms.

- 3) Telecom Client Analyser**
(01/2022 - 03/2022)

- In this project, I built dashboards in Power BI Desktop for Telecom Company that can analyse and visualise the data of customers and predict their risk.

CERTIFICATIONS

- Java Full Stack Development
- The Python Programming A to Z Definitive Diploma in 2022
- SQL for Data Analytics
- Power BI Data Analytics Essentials with Power BI
